Q&A chat room Monday June 22nd 19.30

19:37:29 From Fiona Houston : Is it just me or is the connection really stop/start making it difficult to hear what's being said? Might just be me!

19:38:11 From Ewan MacDonald : Seems okay at my end?!

19:38:14 From Tom Pendreigh : Ok at my end

19:38:28 From Fiona Houston : ok i'll just refresh browser thanks guys

19:47:41 From Sandra : Does Gordon's reply mean no bonspeils?

19:50:25 From Gordon Barron : Has Michael answered this for you now? re first half of the season

19:59:21 From Sandra : How would contactless work for people from Moray who come through and play occassional games in Inverness?

19:59:43 From Gordon Barron : noted I'll pick up Sandra

19:59:46 From Yvonne : Our tennis club use clubspark. Join to be a member and pay online and book and pay for sessions online and pay online.

20:02:38 From Fiona Houston : agree - the Inverness Tennis Club have a clever online booking setup for booking and paying for courts. Sure they would be open to chat

20:04:43 From Ewan MacDonald : What are the proposed session times to allow suitable prep time between sessions?

20:09:01 From Gordon Barron : Ewan I'll raise for you

20:09:27 From Ewan MacDonald : Thanks Gordon.

20:09:31 From Fi McLaren : Until refreshment facilities open can curlers take their own personal refreshments?

20:10:48 From Ewan MacDonald : Thanks Brenda.

20:11:54 From Tom Pendreigh : Is it possible to have a questionnaire sent round the members/users to get an understanding of what they feel needs to be in place to have them feel safe/comfortable to return to curling.

20:13:17 From Kimberley : also when it comes to changovers and cleaning inbetween sessions, please consider the timings and how many staff will be needed to implement it.

20:14:00 From Fi McLaren : Bearing in mind Test and Protect, how will a record be made of the people entering the ice rink?

20:14:21 From C Allan : with public sessions being once a week during the winter and 100+ customers attending these what are your plans to manage these sessions

20:17:32 From Mo Simpson : Given that most curlers have their own equipment how are you going to deal with try curling

20:17:54 From Fiona Houston : The tennis club also have a chip sign in to open the door - maybe this could be an idea as a check in

20:19:01 From Gordon Barron : Hi Fiona, it's through LTA as my wife has implemented in the Nairn Sports Club. I'll pick up and see if we can use the system

20:29:55 From Mo Simpson : Given that most curlers have their own equipment how are you going to deal with Try Curling and using the rink equipment

20:31:16 From Kimberley : following Mo's point, is there a plan for the skates in skate hire as they have material inside.

20:32:53 From Tom Pendreigh : There is references to this in SIRA/IRMA documents.

20:33:11 From Mo Simpson : Thanks Tom

20:33:21 From C Allan : if we're staggering times how would this impact other sessions on a sunday

20:34:10 From Richard : If there is a bonspiel on a Saturday will there be ice skating on the Friday evening

20:34:28 From Kimberley : the problem with that is that in the cold it would take a long time to dry and in other places where cloth is around like nurseries they have had to remove it from the area. It's just something to consider.

20:34:58 From davidforrester : Well done to the Board for setting up this session. They don't have a crystal ball, but seem to be on the ball. Harold Forrester

20:36:15 From Fiona Houston : Thanks very much - good to open up comms.

20:36:35 From Kimberley : thank you

20:36:46 From Mo Simpson : Thank you

Appendum

Richard's question was missed on the night.

Response

Rest assured Curlers and staff. Bonspiels and skating activities will be scheduled in to accommodate everyone and will require some compromise. This is something that Ali Cruickshank is taking the lead on along with Keith, Michael and Gordon.
